HONEY

If an education is in some measure the blueprint for a life, then graduation is the party the admiralty throws for all those who will go forth and navigate these seas.

It's inevitably a sullen night in the dark heart of the dog days. Nobody thinks about getting on with their lives on a steamy August Thursday in the south. Still everybody comes in from the weather, beautiful if not fresh, for snacks and pictures, certain that acts have been undertaken, recorded, confirmed.

Graduation isn't even about the achievement; it's the passage itself, the knowledge that those who are about to set sail have raised their canvas a few yards.

And we who observe the regatta each year have the advantage of perspective--we know from experience this family will never run out of sailors.

We hope this year that the students at RCCC have come to a better understanding of the Student Government Association. We want them to see the significance and the importance of student government and student involvement.

The SGA is not a club. It is the governing body responsible for cohesiveness among the students, the clubs, the annual, the newsletter, and all other student activities. It is the voice of all students here at the college.

SGA is like our national government in that what you put into it is what you get out of it. If you have a complaint about our national government, you contact the appropriate representative and express your concerns. It should be the same here.

is a national organization for students at the college level. The organization's basic purpose is to provide opportunities for students to develop competencies for business and related areas through an extension of the classroom. Participation in Phi Beta Lambda allows students to develop those "success" characteristics necessary for the business world. The national organization comprises nearly 20,000 members nationwide while the North Carolina State Chapter has nearly 1,200 members in more than 45local chapters at colleges and universities across the state.

PHI THETA KAPPA

Phi Theta Kappa is the only internationally acclaimed honor society for two-year colleges offering associate degree programs. In 1991Rowan-Cabarrus joined 850 other colleges with Phi Theta Kappa chapters. The chapter now has more than 100 members, all of whom have completed at least 12 hours of course work toward an associate degree and have attained a grade point average of 3.5 or better. Not only are these students achievers in the classroom, they're willing to become involved in the community through various service projects. Fundraising activities, regional conventions and social activities add to the PTK members' busy schedule.

YEAR IN REVIEW

ABOVE: Sheik Omar Abdel-Rahman was charged August 25 with directing an urban terrorist war in New York City. Already one of the most unpopular figures in the US, he antagonized Americans with his radical anti-Western preaching. Indicted for masterminding the plot to blow up the World Trade Center February 26 and in exile from his native Egypt, the sheik denounced the bombing and denied involvement, but he surrendered following a tense standoff outside a Brooklyn mosque and was arrested with several adherents. ABOVE RIGHT: Across the Northeast, Midwest and South, the extreme cold of January 1994 brought an end to daily routine. Arctic air with wind chills to 74 below zero swept across the eastern US in the wake of a blizzard that dumped enough snow to paralyze several states. At least 92 deaths were blamed on the barrage of cold and snow while tens of thousands of homeless people sought protection at shelters.RIGHT: On February 28 ATF agents raided the Branch Davidian compound, even though sect leader David Koresh had been tipped off. After a 51-day standoff, the FBI led an assault with tanks and teargas. Koresh was blamed for igniting a fire that destroyed the grounds. Four agents and two cult members were killed. Among the dead were 17 children, many fathered by Koresh. New Attorney General Janet Reno took responsibility for the controversial raid. BELOW: Arsonists may have caused 26 fires that swept Southern California last fall, leaving four dead and causing $1 billion in damage. The wildfires destroyed 1,150 homes, burned over 200,000 acres and injured nearly 200 people.

TOP: In 1992 Somalia was a land in the grip of starvation. By the next year the fighting had begun. UN forces had difficulty coping with a nation that had descended into feudalism. Mogadishu's rival warlords united to overthrow dictator Mohamed Siad Barre,exiled in 1991. In the ensuing war UN troops sought Aidid,who was suspected of an assault on Pakistani peacekeepers. ABOVE: On January 6, 1994, US Olympian Nancy Kerrigan was attacked by a man with a club. An anonymous tip pointed to Kerrigan's rival, Tonya Harding and her ex-husband, Jeff Gillooly, her bodyguard, Shawn Eckardt, and two hired men. While the USOC left the case under investigation, Harding remained eligible to skate at Lillehammer. LEFT: Hillary Rodham Clinton chaired the White House Task Force on Health Care Reform in 1993. Appearing before Congress, Mrs. Clinton implored its members to work the administration to overhaul the nation's health care system. Rep. Pete Stark (D-CA),favored expansion of Medicare to cover all Americans.

SPECTRUM STAFF

Another year and one more book. This was in many ways the first time I got away with doing little more than advising. It was nice--for me, anyway. Not to plead distraction over the virtues of hard work, still the arrival at our house of a daughter last fall rewrote the manual on how I would handle my job and especially my life for me, so I'm even more grateful than usual for the usual assists on this project. Thanks: To Pam for quick study, conscientious and creative patience, and her unfailing sense of humor above all. To Jennifer, again: for invaluable aid in guiding the uninitiated through a lean year. To Beth, Vickie, and Angie, who took so many orders and did such nice work. To Ken and Bill for exceptional pix. To Keith and JoAnn and the Jostens people for craftsmanship. To Tonya for the material and Dave for the laughs. To Mary Tyler for that smile without any teeth in it.

--Davis A. March, Advisor. 1 March 1994

This book is dedicated,
with love and respect, to

CHARLIE BENSON
1939-1993

He left his life the way he lived it:
without explanation or apology.
We'll miss him.
So long, Charlie--
see you farther down the road.
